We believe in open government and we believe in open shadow government too!

July's Concerned Citizens Meeting Agenda has been posted on city website, and all future agendas can be posted on ThinkTank and emailed to Diane Rinks and Council on a regular basis.

Our groups agenda, concerns, and meetings are open to all.

**NEXT COUNCIL MEETING ITEMS TO PRESENT**

Present copies of our group agenda, Mission, Vision, letter to Don, etc. to Council Memo to Council, Mayor, & City Administrator regarding request for Safer Housing Code, Mayors properties, etc.

Has a Contingency Plan been put in place for overflow at Council Meetings?

Request Council to share their VISION for our community - with all this discussion on future developments, our water supply, a new reservoir, new SDC's and an 11 million dollar street improvement plan, talk of a new city hall - the time is now to demand that the Council provide us with a copy of their VISION and PLAN for our city. They need to share their plan with the public before they put aside or spend one more dollar of tax payer money.
